News & Updates

The electronics recycling program has been granted a 2 year Pilot Expansion. During this Pilot, a HUGE increase of accepted electronics will be taken in! The goal is to collect a wide range of electronics and get an overview of the volume, types of waste, and viability of recycling. We ask that everyone make an effort to separate the electronics items from their regular garbage. These include "anything with a cord or a battery" with some exceptions. For more information: Phone 780-384-3950 or Recycle <http://flagwaste.ca/recycle/>

FRIENDLY REMINDER
TURN YOUR CLOCKS
back on
November 1, 2020

HOMEMADE OVEN CLEANER
1/4 cup Dish Soap
1/2 cup Lemon Juice
1 cup Vinegar
1 1/4 cups of water
Shake gently to combine ingredients, spray in the oven.
Let sit for a little bit and VOILA, a brand new looking oven.

The Story of the Poppy
The poppy flower only grows in the absence of other flowers and only in ground that has been churned. In perhaps the best known poem of World War I, when Dr. John McCrae observed poppies growing between the crosses on the soldiers' graves, it inspired him to write the poem *In Flanders Fields*. The poppy has since become known as "The Flower of Remembrance" and is worn in memory of our veterans.
I'm sharing this poppy in remembrance of the veterans as well as the active service members and wishing you a beautiful Memorial Day weekend.
