**“THANK YOU”** to the staff, volunteers and students at The Lougheed School, for the time and effort put in to make the Lougheed Olympics the success it was.

An additional note: we are so proud of our Grade 3/4/5 students for all their energy, hard work, commitment and fund raisers. With their endeavors they were able to purchase a cardboard re-cycle bin. Thanks also to Enbridge for their contribution.

The students are also collecting tabs from tin cans (pop, juice, etc.) and plastic lids from bottles. The money collected will go towards medical supplies.

Lougheed Kindergarten Registration Meeting for 2010-2011 School Year is Apr 15, 7:00 at the Lougheed Kindergarten Portable. If you have a child age 5 by Mar 1, 2011 please register, as they need numbers for the upcoming year.

A recent television Crime Re-Enactment reminded us that the persons responsible for the Lougheed break-ins, have still not been arrested. No one can predict if this was a one time hit or are we on a list for return? Just a reminder – keep purses and valuables out of sight, lock your doors and windows at night, and Please look out for your neighbors. If you know they are away, watch for signs that something is wrong.

Council has requested additional RCMP patrol hours for Lougheed. Vandalism, such as egging of buildings: WILL NOT BE TOLERATED.

## The Important Things

A professor stood before his philosophy class and had some items in front of him. He picked up a very large, empty mayonnaise jar and started to fill it with golf balls. He then asked the students if the jar was full. They agreed it was. The professor then picked up a box of pebbles and poured in into the jar. Again asking if the jar was full, they agreed it was. The professor next picked up a bag of sand and poured it into the jar. Of course, the sand filled in between the crevices. He asked once more if the jar was full. The students responded with a unanimous “yes.” The professor then produced two cups of water and poured the entire contents into the jar, effectively filling the empty space between the sand. The students laughed. Now said the professor  
**I want you to recognize that this jar represents your life.** The golf balls are the important things-family, children, health, friends and passions  
The pebbles are the things that matter like your job, house and car.  
The sand is everything else...The small stuff.  
If you put the sand into the jar first, there is no room for the pebbles or the golf balls  
The same goes for life. If you spend all your time and energy on the small stuff, you will never have room (or time) for the things that are important to you!!

A reminder ALL GARBAGE MUST BE PLACED IN GREEN, ORANGE or BLACK BAGS. ALL CARDBOARD TO BE TIED SEPARATELY, (not in the bags)

## **FIRE BAN – Effective April 7, 2010**

Absolutely NO BURNING permitted in the Village of Loughheed or Flagstaff County.  
If you are disposing of items, they need to be taken to the transfer site.
